CHORAL MUSIC TO BE A FEATURE

Easter will be especially observed in East Liverpool churches this year. Never before have such excellent programs been prepared for Easter services. All the churches will have special reference to the occasion and most of the morning sermons will deal with lessons to be drawn from the resurrection. The musical exercises at the various churches are set forth in detail:

WINE OF CARDUI

THE LINK THAT BINDS.

JACKSON, TENN., Nov. 22.

I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.

Mrs. E. N. JOWERS.

Wine of Cardui

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.

THE CONDITION OF TRADE

Local Pottery News Concerning
Movements Among Operatives
and Operators.

CERAMIC ODDS AND ENDS.

The demand for general lines shows steady gains as the spring advances. There is a steady influx of orders at the potteries, the latter part of March showing much improvement, and April has opened with even better promise. Some lines are disposed to lag a little and this is particularly the case with sanitary goods, which have not kept pace with the improvement in the market in other directions. The factories are all running to the full limit and the completion of the new ones recently projected and under way is stimulated by the scarcity of goods in some of the European pottery centers and the subsequent delay and decrease in importations. Prices are well maintained by manufacturers, although there is said to be some cutting on certain cheap lines by some of the jobbers.—China, Glass and Lamps.

AZTEC POTTERY.

Rich Find of Interesting Art Relics
By a Government
Representative.

Louis Chable, a government representative who has been in Costa Rica, lately made some excavations in an ancient Aztec burial place near the proposed Nicaragua canal, with most wonderful results in a rich find of relics of an extinct civilization. The most of them were in the form of pottery, with which each tomb was filled.

As to the Aztec's pottery, no living man can make its equal today. The fowls of the air, the beasts of the land and the fish of the sea were limned on their bowls and jars and vases. The birds are full of motion, as though a Japanese artist had painted them with a stroke of his never-failing brush. It was evidently the Aztec artisan's chief aim to depict the animal world, and he found pleasure in decorating his pieces with all sorts of living creatures.

The Aztecs stained their jars curiously with red lead and black, weaving intricate patterns, beautiful as the veining of a woman's hand. Some of them came out of the fire a fascinating thing of color, and their smooth enameled beauty defied both time and the rotting earth.

STEADY AND HEALTHY.

Activity Reported in Pottery Business
All Over the Country, Especially Here.

The Crockery Journal has the following to say of the conditions of trade at the various pottery centers:

East Liverpool.

Everybody seems comfortably busy, and a steady, healthy activity is manifest at all the potteries here. The shortage of kiln hands is still felt at many of the plants, but the situation is improving somewhat, and prospects are favorable for relief in this direction before the fall trade sets in. The new wage scale has been completed and is now in the printer's hands. It is expected that it will be

delivered to all the operatives the present week. It has been arranged in sections covering each department, so as to be convenient for reference by the different classes of operatives. It will be the subject of careful study by them in their leisure hours for weeks to come, and it is hoped by both manufacturers and operatives that it will prove mutually satisfactory. A few minor adjustments may prove necessary in working operations.

Trenton.

Although there is somewhat of a halt in the business at the New York offices, good orders continue to pour in from the traveling men and by mail, and the condition of trade is admirable. All the potteries are busy pushing manufacturing trying to reduce the order files. The business for the past quarter of the year has proven very gratifying.

Wheeling.

The pottery business this spring is the richest in every way that it has been since Wheeling knew anything of the pottery business. Trade could hardly be better, so far as volume goes, and the shapes, designs, decorations and everything pertaining to the business is far in advance of any previous year.

THE POTTERY WORLD.

News of Interest About Ceramic Production From All Sections
of the Trade.

The increase in imports of earthenware and china for eight months ending Feb. 28, 1900, over the corresponding time in 1898 was \$1,341,494 and for a like time in 1899, \$796,022.

For two weeks it has been rumored that the English potters are on a strike, but the only definite information that has reached this country is a cable to Bassett & Co., New York, which read: "Edwards strike; Alcock working."

Workmen have started on the new warehouse for the Evansville pottery. It will be 40x70. The bisque kilns at this pottery are now fired on Sunday, as one of the old kilns has been torn down and two new ones will be built.

Samuel Bickford, a pottery worker of Evansville, has arrived in the city.

The Evansville correspondent of the Commoner says that George Carey is in that city and is shaking hands with his old friends among the pottery workers. A number of East Liverpool people are employed at the pottery.

The Schrader China company has been incorporated at Indianapolis. The capital stock is \$18,000.

William Bluer is the manager of the new white ware pottery at Akron, and James Barker will be the foreman of the clay shops.

Pierce Kirby, of the Salem China company, is sending a crate of ware to the Paris exposition. The Salem China company is now making its own crates and casks.

What is known as Rockingham ware as made in the United States, is simply yellow ware covered with a dark brown glaze, and often mottled by spattering the glaze before it is fired. The name was first applied to pottery made in England, and about 1796, at the Swinton works, which were located on the estate of Charles, marquis of Rockingham. The wares made at this place were claimed to be of superior quality, and to have received their mottled brown color from repeated firings.

George Brockway and James Turner, kilnhands at the Salem pottery, will return to East Palestine.

The Warwick, Wheeling, is building a new kiln.

The Maddock, Trenton, has increased the capital stock from \$100,000 to \$200,000.

W. S. George will manage the new Cannonsburg (Pa.) plant, but will still retain control of the East Palestine pottery. The new pottery will

hardly be in operation before September.

The new Akron pottery will not be in operation before June 1.

Charles Kilmer, of this city, has accepted a position as jiggerman at the Salem China company's pottery.

Trenton potteries are experiencing a shortage of kilnhands.

The way in which the Indians made soapstone dishes is said to be as follows: With a hard implement, probably a flint, they cut a circle on the stone which was to become a dish and then chipped away and down on the circumference of this. They then fashioned the outside to the shape they desired, while it was still attached to the rock itself. Finally, they split it off at the bottom and hollowed it out, and the dish was completed.

A few public spirited representa-

putting up a fine fight against the

make the work of Senator Archer ap-

ARTISTIC WORK.

The News Review Receives a Com-
pliment From a Trade
Journal.

The Clothier and Furnisher, of New
York, pays a high compliment to the
News Review when it reproduces an
advertisement which appeared in this
paper with the following comment:
"The advertisement of Wm. Erlanger
& Co. here reproduced is a very com-
mendable piece of work. It has been
reduced from 7x15 inches. The only
criticism we have to make is as to
the omission of the place in which
Messrs. Erlanger & Co. are doing busi-
ness. The street is given, but what
matters the street if the name of the
place is omitted? To assume that
the place of business is known to peo-
ple far and wide proves very frequent-
ly an unwarranted assumption. The
presswork of the product is in plain
lettering, with sufficient variety in the
style of type to make it attractive.
The cuts are used to good advantage,
and give strength to the several de-
partments. It is, in short, a strong
and attractive advertisement."

AN ELKRUN DIVORCE CASE.

Lisbon, April 14.—(Special.)—Eva
M. Beech, of East Liverpool, secured
a divorce from William J. Beech on
the grounds of extreme cruelty and
gross neglect of duty. They were
married August 4, 1892, and have one
child. No sooner had Mrs. Beech
been released by Judge Hole from the
bonds of matrimony which bound her
to Beech when she went downstairs
to Judge Boone and got a license to
marry George Pyles, of New Martins-
ville, W. Va. Pyles is aged 23 and
Mrs. Beech 26.

Frank C. Armstrong, of Elkrun
township, was granted a divorce from
Hattie B. Armstrong, to whom he was
married Nov. 14, 1895. The defend-
ant was wilfully absent for three
years.

Rogers Noontide.
The writer is informed by a citizen
of Rogers familiar with the facts in
the case that Mayor-elect Davidson,
of East Liverpool, is not the keeper
of a gambling room, as was stated by
some exchanges and repeated in
this paper; that he is the proprietor
of a billiard room, a reputable place
of amusement in the city. The infor-
mant further states that Mr. Davidson
is an honorable man, that he is not
in sympathy with the saloon element,
and that he will make the city one
of the best mayors it has ever had.

Many a happy citizen makes a public

is a case of it. What better proof of
merit can be had than such endorse-
ment?

Mrs. William James, who lives at
283 Third street, says: "I was trou-
bled off and on for eight years with a
weakness of the back and kidneys, a
dull aching pain across my loins up
under my shoulder blades and rheu-
matic pains in my right shoulder. I
was very susceptible to changes of the
weather and was so bad at times that
I could scarcely stand and support
my own weight. The trouble affected
my nervous system, causing a fre-
quent fluttering of the heart and
shortness of breath. I generally re-
sorted to porous plasters, but the re-
lief was only temporary. I got Doan's
Kidney Pills at the W. & W. phar-
macy, obtained instant relief and fi-
nally a cure."

DAVIDSON'S FIRST CASE

A Victim Was Arrested Yesterday Noon, and Put Up Security.

DAWSON GETS THE REWARD

The Prisoner Was Charged With Assault and Battery and Disorderly Conduct.

HE WILL CALL AND SETTLE

There is joy in police court today, and Mayor Davidson has disposed of his first case. Officer Dawson won the reward of two glasses of mustard and a bottle of horseradish, and James Preston was the victim. John Michaels made complaint against Preston, charging him with assault and battery and disorderly conduct. It didn't take the new administration very long to gather him in and Officer Dawson made the arrest and Preston had the pleasure of being the first offender to face Mayor Davidson. He gave security for his appearance, and will call at a later date and pay for his fun. It has been suggested that a fitting celebration be arranged and the reward presented to Dawson with fitting ceremonies.

DIVORCE REFUSED.

AN 1888 MARRIAGE THAT REMAINS BINDING.

Judge Hole Declines to Grant Separation to Mrs. Minnie Hahn, of This City.

Lisbon, April 14.—(Special.)—By Judge Hole's ruling Minnie Hahn, of East Liverpool, will remain the wife of Oliver Hahn. Mrs. Hahn came into court with a number of witnesses to prove her story of the cruel treatment she had received at his hands. They were married in December, 1888, in East Liverpool and the wife says he always treated her mean from this date. She said he was extremely cruel and always neglected to provide for her. Although her statement may have been true Judge Hole had reason for refusing to release her.

MOTION OVERRULED.

Judge Hole Refuses a New Trial in the Letitia Myers Will Contest Case.

Lisbon, April 14.—(Special.)—A motion for a new trial in the case of Hannah Underwood vs. S. F. Huston was made by Justice Hole this week and overruled. The case was tried a week ago and was to set aside what purported to be the last will and testament of Letitia Myers, of Middleton township. After much contradictory evidence the will was set aside and Judge Hole thought the case had been fairly submitted to the jury and their finding ought not to be disturbed.

DISREGARDED PREMONITION

HENRY GEORGE NEGLECTED TO HEED A PREMONITION

To Cross the Chester Bridge and in Consequence He Was Arrested.

The Cleveland Leader of today publishes the following: "After being chased through Columbus, Cincinnati, Wheeling, Cleveland and over the larger part of the state, Henry George was arrested yesterday at East Liverpool, O., where he is said to have been living for some time under the name of Henry Gordon. He was working there as a telephone lineman. "George was arrested last September which he is alleged to have collected as rent for houses owned by Vice President A. J. Weatherhead, of the Cleveland Faucet company. He was ber for failing to turn over about \$200 released on straw bail and disappeared. Ever since then the American Surety company, that paid over to his employer the \$200 for which it was his security, has been after George. He is said to be a very alert young man, and the effort to catch him was unsuccessful until yesterday. Finally he was located at East Liverpool, and Captain C. E. Henry, inspector for the company, sent Detective F. C. Webster, one of his officers, after him. George was brought here last evening and lodged in jail.

"East Liverpool is just across the river from West Virginia, so that all that George would have had to do to get out of the state would have been to walk across a bridge. This would have necessitated requisition proceedings, and been a possible chance of escape. On the way to this city George told Detective Webster that the night before he was arrested he had a premonition that he ought to go across the bridge."

George came to this city Tuesday from Cleveland and secured a position with the United States Telephone company, working under Foreman Griffith. He formerly worked with this company at Cleveland. Detective Webster came here Thursday and yesterday morning placed George under arrest at the postoffice as he was getting his mail. The men took dinner yesterday at the Hotel Lakel, and on the register appears the name of C. F. Webster and friend. The men went to Cleveland yesterday afternoon.

River News. Contrary to expectations the river is falling and has now dropped so low that the barge stage, which has held for the past 10 days, is gone. GLENDOWER—"I can call spirits from the vasty deep."
HOTSPUR—"Why, so can I, or so can any man."
"But will they come when you de call for them?"—SHAKESPEARE.

How quickly Hotspur's wise and witty retort tears the tragic mantle in which Glendower stalks, and shows beneath the seer's robe, the motley of the mountebank. Most people would have taken the Welchman at his word, and called him seer, without noting the difference between to call and to command.

Certain points of comparison are suggested between Glendower's tragic claim and the comic claim made in some specious advertisements. "I am a woman, I know all about woman. I understand woman, and I can cure woman because I am a woman." The modern Mrs. Hotspur puts her finger right on the weak spot of that clamorous claim by saying: "Why if you can cure woman simply because you are a woman, then so can I and so can any woman." Which very plainly brings out the common sense fact that the cure of diseases does not depend upon being a man or being a woman but does depend upon being a trained and experienced physician.

There is, as far as is known, no qualified woman physician associated with any proprietary medicine firm. It is certain that there is no one, man or woman, who can show an experience or record equal to that of Dr. R. V. Pierce; more than thirty years of treatment of women's diseases with ninety-eight per cent. cured out of more than half-a-million women treated. Sick women can consult Dr. Pierce by letter absolutely free of charge. Every letter is held as strictly private and sacredly confidential. All answers are mailed securely sealed in perfectly plain envelopes. Address Dr. R. V. Pierce, Buffalo, N. Y.

COMING ATTRACTIONS.

"A Jay From Jaysville." "A Jay From Jaysville" was the attraction at the opera house last night and will be repeated at matinee and evening performances today. The piece is farce comedy with more rationality about it than is usually encountered in that branch of entertainment. Nat Reiss, "the jay," is certainly as regular a "jay" as ever unloaded funny countryisms upon the stage for the mirthful entertainment of a city audience. The entire company is good and the specialties are of the highest grade.—Chattanooga Times. At the Grand Monday evening.

Loubet Visited Buildings In Paris Today.

BIG SHOW IN BAD SHAPE.

Those of the Buildings That Were Completed Had Not the Exhibits In Place In Them—Pardons Issued In Honor of the Event by the President.

PARIS, April 14.—The ceremonies opening the Paris exposition occurred this afternoon when M. Millerand, the minister of commerce made the inaugural address, to which President Loubet replied. The president then walked through, a portion of the grounds and afterward embarking on a river craft, he went down the river Seine to the new Alexander III bridge, which he

formally declared open. The public was not admitted, the formal opening to the public taking place tomorrow.

M. Loubet celebrated the inauguration by pardoning all army and navy prisoners who are undergoing sentences for minor offenses. Moreover all soldiers and sailors received a special ration of wine today.

A list of about 50 decorations of the Legion of Honor, conferred upon French exposition officials, has been promulgated. M. Alfred Picard, the commissioner general, heads the list with the grand cross.

Much of the exposition space was covered last evening with flickering lights, and hordes of workmen were busily engaged in clearing away scaffolding, packing cases and debris of every kind which littered all the arteries of the exposition.

This work was only to prepare a series of tableaux for the president today, as he was not expected to enter the exposition buildings proper, but only inspect the edifices from the outside, for the excellent reason that the buildings, where finished, were mere shells, with scarcely any exhibits to be seen anywhere.

These scaffolding were to be rebuilt and the interrupted work of installation resumed after the president's visit.

TOLEDO APPROPRIATION.

Two House Conferences Hold Out For More Money—Failed to Pass In the House.

COLUMBUS, April 14.—A conference committee of the house and senate agreed upon an appropriation of \$500,000 for the Ohio Centennial exposition at Toledo, and the appointment of a new commission. Two of the house conferees, however, refused to sign the report, holding out for the \$1,000,000 appropriation.

The motion to accept the report in the house failed to secure a constitutional majority. A strong effort will be made to secure concurrence before the final adjournment Monday.

BATTLE OF LEXINGTON SPIRIT.

Hoar Believes Liberty Will Triumph In the Orient.

BOSTON, April 14.—In response to an invitation extended to him by the American-Irish Historical society, Senator Hoar has written a letter regretting his inability to participate with the society in its 19th of April celebration. In the letter Senator Hoar said in part:

"I am sure that the celebration will be in the spirit which animated the men who fought and the men who died on the 19th of April, 1775.

"This spirit, I am sure, will sooner or later be victorious against what now seems invincible odds in the eastern hemisphere, which shall yet, in God's good time, be occupied by free men in independent nations."

KILLED FOR HIS MONEY.

Strong Evidence In the Dilley Murder Hearing at Celina.

CELINA, O., April 14.—The preliminary hearing began of Clyde McGraw, Charles Martin, Georgia Edwards, Alice Bauer and Mrs. Quigg, of the Lakeside House for the murder last month of

John R. Dilley, a prominent retired lumberman, whose body was found in the reservoir near the resort and who was last seen at this resort. Hazel Wright, an inmate of the place, testified to Mrs. Quigg introducing Dilley on the night of the murder as a man of wealth.

Nellie Black, another inmate, testified to being awakened by a disturbance. The witnesses corroborated each other, and outlined a deliberate murder for money and an attempt to hide it by sinking the body in the reservoir.

EXPULSION FROM PARTY.

Committeeman Cavanaugh Will Urge Pennsylvania Democrats to Act Against Philadelphia Managers.

PHILADELPHIA, April 14.—The committee appointed by the Democratic state committee to investigate the causes of the falling off of the party vote in a number of counties of the state, concluded its work of hearing testimony.

The committee will meet at Harrisburg on Tuesday afternoon to prepare its report, and it is believed that the three members will disagree as to its recommendations. Chairman Ancona and Mr. Brinton, it is said, favor a conservative course, but Committeeman Cavanaugh favors reading the Philadelphia managers entirely out of the party, and he, it is confidently believed, will so recommend in a minority report.

Secretary Moyer, of the Democratic committee, sent out notices for a meeting of the state executive committee at Harrisburg, at 10 o'clock, on next Wednesday, and of the general state committee at 2 o'clock in the afternoon. The probers' reports will, in the first place, be submitted to the executive committee and by it referred to the general committee.

CLARK WILL NOT RESIGN.

Fight to Be Made For Him on Floor of Senate.

BUTTE, Mont., April 14.—The Inter-Mountain, upon advices from the east, said in part:

"It is now certain that Senator Clark will not resign. The pressure from his Montana friends and legal advisers is in favor of continuing to a finish. Senators Clay, Mason, Bacon and Heitfeld will make a fight on the floor of the senate, claiming a two-thirds vote is necessary to unseat him. They claim that the report of the committee does not sustain the direct charge of bribery against him.

"This policy will prevent appointment by the governor and may lead to the election of two Republican senators, so a majority opposition to delay is not expected. Senator Mason will conduct the fight for Clark."

ATTEMPT TO NOMINATE FAILED.

Fourteenth Ohio Republican Convention Adjourned to Meet May 17.

WELLINGTON, O., April 14.—The attempt to nominate a candidate for congress to succeed Representative W. S. Kerr was abandoned by the Republican convention of the Fourteenth district, after 1,352 ballots had been taken. The convention met on Tuesday morning, and it was in session day and night, with short intermissions, for nearly four days.

A conference committee of representatives from each county in the district was appointed, and the report of the committee that the convention adjourn to meet in Norwalk on May 17 was adopted. There was no change in the vote from the 759th to the 1,352d ballot. This deadlock is a record breaker, so far as Ohio is concerned.

SILVER FUSION IN OREGON.

The Three Parties Stand Firmly on Bryan's Nomination.

PORTLAND, Or., April 14.—The state convention of the Democrats and Populists effected a fusion of the two parties and adjourned. The Silver Republicans also joined in the fusion movement, though they held no convention.

Both the Democrats and Populists endorsed William J. Bryan for the presidential nomination, but the Populist delegates to the national convention were instructed to vote for no other Democrat for the nomination for vice president and to vote only for vice president.

Democratic Primaries In Alabama.

BIRMINGHAM, Ala., April 14.—Today Democratic primaries are being held in a majority of the counties to select candidates for state offices and representatives to the general assembly, involving the election of an United States senator to succeed John T. Morgan. Senator Morgan is opposed by Governor Joseph Johnston.

Bryan In New Mexico.

ALBUQUERQUE, N. M., April 14.—The territorial Democratic convention elected six delegates to the national convention and instructed them to vote for William J. Bryan for president. Mr. Bryan arrived here last night.

RATCHFORD APPOINTED.

COLUMBUS, April 14.—Governor Nash appointed Hon. M. D. Ratchford, of Massillon, state commissioner of labor statistics, and Hon. Elmer C. Briddison, of Athens, state inspector of mines

and mining. Mr. Ratchford was formerly president of the United Mine Workers of America and is now a member of the United States industrial commission.

TO ENTERTAIN CUBAN TEACHERS.

Superintendent Frye Addressed a Meeting In Boston.

BOSTON, April 14.—The cause of the Cuban public schools was presented last night at a mass meeting in Huntington hall, institute of technology, addressed by Alexis E. Frye, superintendent of schools in Cuba, and President Charles Eliot of Harvard university.

The meeting was to encourage the movement to care for the 1,400 or more Cuban teachers whom Superintendent Frye proposes to bring to this country in the summer on a patriotic excursion, the means of which will be provided by government and private aid.

Tug Firemen Threaten to Strike.

CLEVELAND, April 14.—Unless the tug companies grant the demands of firemen before Monday next the men declare they will go on strike and tie up all the harbor tugs at all lower lake ports. They ask for \$60 per month and also that two firemen be employed on each tug instead of one. Conferences will be held here today between tug company officials and representatives of the firemen.

George H. Scripps Dead.

SAN DIEGO, Cal., April 14.—George H. Scripps died at Mirando, the ranch of his brother, W. W. Scripps, of pernicious anaemia, after an illness of several months. The remains will be cremated at Los Angeles. Interment will be at Rushville, Ill., May 1. He was 66 years old. He helped to found the Cleveland Press and was interested in the Cincinnati Post, Kentucky Post, St. Louis Chronicle, Kansas City World and Omaha News, and his journalistic possessions extended to the Pacific coast.

The Cabinet Meeting.

WASHINGTON, April 14.—The cabinet meeting was occupied largely in a discussion of Porto Rico affairs and particularly the Porto Rican bill, which was signed by the president the other day. The provisions of the bill were carefully gone over and suggestions were made as to the personnel of the new administration of the island.

An Epidemic of Suicide.

NEW CASTLE, Pa., April 14.—Philip Young, a wealthy farmer of near Enon Valley, Lawrence county, is lying at the point of death with a terrible gash in his throat. Within the last three weeks no less than four people have committed suicide in that immediate neighborhood, and strange to say they are all related.

Queen Observed Good Friday.

DUBLIN, April 14.—The queen took a drive in the private grounds of the Vice Regal lodge, after which she attended services in the royal chapel, where a large congregation assembled, on Good Friday. The primate of Ireland preached.

Will Fight the Strikers.

FROSTBURG, Md., April 14.—The miners employed by the Georges Creek Coal company in this region were notified that they must remove their tools from the mines. This step by the company is taken to mean that the companies will fight the strikers to a standstill.

Minister From Siam Arrived.

WASHINGTON, April 14.—Phya Pradibhi, the new minister from Siam, accompanied by his clerk, arrived here.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning April 15—Comment by Rev. S. H. Doyle.

Topic.—The bread of life.—John vi, 24-40. (Easter meeting.)

Easter speaks of life, and not only so, but of new life. This is true in both the natural and ecclesiastical worlds. Nature is at this season putting on forms of life, after a condition, typical of death. The season in the church calendar speaks of the new life of Christ. His resurrection after being three days in the tomb. How appropriate at such a time that our thoughts should rise to the possible new life of the soul in Christ—eternal life!

Bread feeds and supports the physical life. Christ gives life to the soul. Therefore, in a marvelous metaphor, Christ likens Himself to bread. In this chapter He speaks of Himself as bread in four different ways, which it will profit us to consider.

1. Christ, "the true bread," verse 32. "My Father giveth you the true bread." Christ is the true, the real, bread. There is no pretense or hollow mockery in the gift which God offers the soul as its support and life. This bread is able to accomplish that which is desired. Assimilated, it will convey both the consciousness and reality of eternal blessedness. God created the soul. He knows what will satisfy its desires and cravings, and therefore the spiritual substance that He offers is the true bread.

2. Christ, "the bread of God," verse 33. Christ, the bread, is the gift of God. "God *** gave his only begotten Son that whosoever believeth in Him should not perish, but have everlasting life." God has made abundant provision in nature for the sustenance of the body. Is it not natural therefore that He would make ample provision for the soul? It would have been most unnatural if He had not done so. Being from God, this bread is free to all. It is offered "without money and without price."

3. Christ, "the bread of life," verse 35. "I am the bread of life." Christ is Himself the bread of life. In Him the cravings of the soul are satisfied and its eternal life made secure and certain. "The veritable life, eternal bread, which Christ as the steward of divine bounty gives, is Himself, His divine humanity." This bread is appropriated by faith. "He that cometh to Me shall never hunger, and he that believeth in Me shall never thirst." He who comes in faith to Christ shall never hunger and never thirst again. Bread satisfies for a time. Christ satisfies forever. He is the bread of eternal life.

4. Christ "the bread *** from heaven," verse 50. "This is the bread which cometh down from heaven, that a man may eat thereof and not die." Christ is the bread from heaven. From heaven alone can come the gift of eternal life. Christ as the bread from heaven was foreshadowed in the manna. Moses gave not this gift to the people, but God sent the manna from heaven to satisfy the hunger of His people. From the same source the soul hunger of the world is to be satisfied. Let us accept this bread of life from heaven that we, like Him, may rise from the dead and enjoy ever after, with Him, eternal life.

THE PRAYER MEETING.
The United society's special Easter programme should be used, or a special programme arranged, with appropriate Easter music as the principal feature.

BIBLE READINGS.
Ex. xvi, 11-15; Ps. lxxviii, 23-25; cxxxiii, 1-3; Isa. lv, 1-3; Math. lv, 1-4; Luke xi, 1-3; xii, 13-21; John i, 4; iv, 5-15; vi, 47-58; Rom. xii, 1, 2; II Tim. i, 8-19; iv, 7, 8; Heb. x, 5-10; Rev. xxii, 17.

Christian Discipleship.

The acceptance of Christian power from the Lord and the exercise of it in the practical relations of home, of the church, of society and business, will take away the hardness of life, the wear and friction and pain. In the home it will make heaven; in the church it will increase the power of worship and usefulness a hundredfold; in business it will relieve the weariness and burden. The hard things of life will be softened; the evil things and unkind things will lose their power to hurt. In every relation of life love will bring peace.

This is the crowning privilege of a Christian disciple. It is given to him to be a power in the world for good and to live in love and peace through the grace and mercy of the Lord. This more than all else must be felt by the world at large; it must be felt by the father and the children, and all will

know the blessedness of Christian discipleship. The light will so shine that it cannot be hid.—Rev. William L. Worcester in Helper.

EPWORTH LEAGUE.

Topic For the Week Beginning April 15. "The Bread of Life."
Text, John vi, 24-40.

"I am the bread of life."
Without food come famine, weakness, death. No bodily strength can be kept up without frequent eating and drinking. Life depends on food. Fasting can go on for awhile; but if not broken, ends in starvation. Bread, meat, drink, these sustain life and give strength.

No less does the soul of man need to be fed with food adapted to the spirit's wants. Confidence in God, hope for the future, love received and given—these nourish the inner life and give it health and rugged strength to bear and do.

Wealth can no more satisfy soul hunger than stones can feed a hungry stomach. Praises, honors and official position are no more like soul nutriment than a snake is like a fish. Nor can any form of creed or philosophy or system of mere reason fill the cravings of the human heart for comfort and knowledge of destiny. However much it may resemble an egg, it proves to be, too often, only a white scorpion in coil.

Has any one ever found rest to his soul, perfect peace of heart, absolute fullness of spirit and satisfaction of every craving except as he has found it in simple faith in Jesus Christ? Has any one ever come to Him in simple trust and loving obedience without finding all he needed and could desire? Has Jesus ever failed to give complete peace of spirit to all who came?

Truly does He become bread of life to all hungry souls.

Oh, that the world might taste and see
The riches of His grace!
The arms of love that compass me
Would all mankind embrace.

Manna in the wilderness was given only for a few years. Loaves and fishes were increased only twice to feed the multitudes. But God gives regularly harvests, to be had after faithful labor, and at no time is food lacking to feed all hungry mouths if only it was properly distributed.

So will the gospel save the souls of men from famishing if they will receive it.

To refuse salvation is as unwise and insane as to starve to death in the midst of plenty.

To neglect to carry the gospel to sinful men is as heartless and blameworthy as to neglect to feed the hungry at our door.

George A. Dean, of Steubenville, accompanied by Mrs. Dean, will leave next Thursday for New York, whence they will sail on the 21st for an extended European trip. The parties are well known here.

WINE OF CARDUI

THE LINK THAT BINDS.

JACKSON, TENN., Nov. 23.

I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.

Mrs. E. N. JOWERS.

Wine of Cardui

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.

THE NEWS OF THE POTTERIES

Items of Interest About Plants and
Potters From All Parts of
the World.

THE CONDITION OF TRADE

Local Pottery News Concerning
Movements Among Operatives
and Operators.

CERAMIC ODDS AND ENDS.

The demand for general lines shows steady gains as the spring advances. There is a steady influx of orders at the potteries, the latter part of March showing much improvement, and April has opened with even better promise. Some lines are disposed to lag a little and this is particularly the case with sanitary goods, which have not kept pace with the improvement in the market in other directions. The factories are all running to the full limit and the completion of the new ones recently projected and under way is stimulated by the scarcity of goods in some of the European pottery centers and the subsequent delay and decrease in importations. Prices are well maintained by manufacturers, although there is said to be some cutting on certain cheap lines by some of the jobbers.—China, Glass and Lamps.

AZTEC POTTERY.

Rich Find of Interesting Art Relics
By a Government
Representative.

Louis Chable, a government representative who has been in Costa Rica, lately made some excavations in an ancient Aztec burial place near the proposed Nicaragua canal, with most wonderful results in a rich find of relics of an extinct civilization. The most of them were in the form of pottery, with which each tomb was filled.

As to the Aztec's pottery, no living man can make its equal today. The fowls of the air, the beasts of the land and the fish of the sea were limned on their bowls and jars and vases. The birds are full of motion, as though a Japanese artist had painted them with a stroke of his never-failing brush. It was evidently the Aztec artisan's chief aim to depict the animal world, and he found pleasure in decorating his pieces with all sorts of living creatures.

The Aztecs stained their jars curiously with red lead and black, weaving intricate patterns, beautiful as the veining of a woman's hand. Some of them came out of the fire a fascinating thing of color, and their smooth enameled beauty defied both time and the rotting earth.

STEADY AND HEALTHY.

Activity Reported in Pottery Business
All Over the Country, Especially Here.

The Crockery Journal has the following to say of the conditions of trade at the various pottery centers:

East Liverpool.
Everybody seems comfortably busy, and a steady, healthy activity is manifest at all the potteries here. The shortage of kiln hands is still felt at many of the plants, but the situation is improving somewhat, and prospects are favorable for relief in this direction before the fall trade sets in. The new wage scale has been completed and is now in the printer's hands. It is expected that it will be

delivered to all the operatives the present week. It has been arranged in sections covering each department, so as to be convenient for reference by the different classes of operatives. It will be the subject of careful study by them in their leisure hours for weeks to come, and it is hoped by both manufacturers and operatives that it will prove mutually satisfactory. A few minor adjustments may prove necessary in working operations.

Trenton.

Although there is somewhat of a halt in the business at the New York offices, good orders continue to pour in from the traveling men and by mail, and the condition of trade is admirable. All the potteries are busy pushing manufacturing trying to reduce the order files. The business for the past quarter of the year has proven very gratifying.

Wheeling.

The pottery business this spring is the richest in every way that it has been since Wheeling knew anything of the pottery business. Trade could hardly be better, so far as volume goes, and the shapes, designs, decorations and everything pertaining to the business is far in advance of any previous year.

THE POTTERY WORLD.

News of Interest About Ceramic Production From All Sections of the Trade.

The increase in imports of earthenware and china for eight months ending Feb. 28, 1900, over the corresponding time in 1898 was \$1,341,494 and for a like time in 1899, \$796,022.

For two weeks it has been rumored that the English potters are on a strike, but the only definite information that has reached this country is a cable to Bassett & Co., New York, which read: "Edwards strike; Alcock working."

Workmen have started on the new warehouse for the Evansville pottery. It will be 40x70. The bisque kilns at this pottery are now fired on Sunday, as one of the old kilns has been torn down and two new ones will be built.

Samuel Bickford, a pottery worker of Evansville, has arrived in the city.

The Evansville correspondent of the Commoner says that George Carey is in that city and is shaking hands with his old friends among the pottery workers. A number of East Liverpool people are employed at the pottery.

The Schrader China company has been incorporated at Indianapolis. The capital stock is \$18,000.

William Bluer is the manager of the new white ware pottery at Akron, and James Barker will be the foreman of the clay shops.

Pierce Kirby, of the Salem China company, is sending a crate of ware to the Paris exposition. The Salem China company is now making its own crates and casks.

What is known as Rockingham ware as made in the United States, is simply yellow ware covered with a dark brown glaze, and often mottled by spattering the glaze before it is fired. The name was first applied to pottery made in England, and about 1796, at the Swinton works, which were located on the estate of Charles, marquis of Rockingham. The wares made at this place were claimed to be of superior quality, and to have received their mottled brown color from repeated firings.

George Brockway and James Turner, kilnhands at the Salem pottery, will return to East Palestine.

The Warwick, Wheeling, is building a new kiln.

The Maddock, Trenton, has increased the capital stock from \$100,000 to \$200,000.

W. S. George will manage the new Cannonsburg (Pa.) plant, but will still retain control of the East Palestine pottery. The new pottery will

hardly be in operation before September.

The new Akron pottery will not be in operation before June 1.

Charles Kilmer, of this city, has accepted a position as jiggerman at the Salem China company's pottery.

Trenton potteries are experiencing a shortage of kilnhands.

The way in which the Indians made soapstone dishes is said to be as follows: With a hard implement, probably a flint, they cut a circle on the stone which was to become a dish and then chipped away and down on the circumference of this. They then fashioned the outside to the shape they desired, while it was still attached to the rock itself. Finally, they split it off at the bottom and hollowed it out, and the dish was completed.

THE NEWS OF THE POTTERIES

Items of Interest About Plants and
Potters From All Parts of
the World.

THE CONDITION OF TRADE

Local Pottery News Concerning
Movements Among Operatives
and Operators.

CERAMIC ODDS AND ENDS.

The demand for general lines shows steady gains as the spring advances. There is a steady influx of orders at the potteries, the latter part of March showing much improvement, and April has opened with even better promise. Some lines are disposed to lag a little and this is particularly the case with sanitary goods, which have not kept pace with the improvement in the market in other directions. The factories are all running to the full limit and the completion of the new ones recently projected and under way is stimulated by the scarcity of goods in some of the European pottery centers and the subsequent delay and decrease in importations. Prices are well maintained by manufacturers, although there is said to be some cutting on certain cheap lines by some of the jobbers.—China, Glass and Lamps.

AZTEC POTTERY.

Rich Find of Interesting Art Relics
By a Government
Representative.

Louis Chable, a government representative who has been in Costa Rica, lately made some excavations in an ancient Aztec burial place near the proposed Nicaragua canal, with most wonderful results in a rich find of relics of an extinct civilization. The most of them were in the form of pottery, with which each tomb was filled.

As to the Aztec's pottery, no living man can make its equal today. The fowls of the air, the beasts of the land and the fish of the sea were limned on their bowls and jars and vases. The birds are full of motion, as though a Japanese artist had painted them with a stroke of his never-failing brush. It was evidently the Aztec artisan's chief aim to depict the animal world, and he found pleasure in decorating his pieces with all sorts of living creatures.

The Aztecs stained their jars curiously with red lead and black, weaving intricate patterns, beautiful as the veining of a woman's hand. Some of them came out of the fire a fascinating thing of color, and their smooth enameled beauty defied both time and the rotting earth.

STEADY AND HEALTHY.

Activity Reported in Pottery Business
All Over the Country, Especially Here.

The Crockery Journal has the following to say of the conditions of trade at the various pottery centers:

East Liverpool.

Everybody seems comfortably busy, and a steady, healthy activity is manifest at all the potteries here. The shortage of kiln hands is still felt at many of the plants, but the situation is improving somewhat, and prospects are favorable for relief in this direction before the fall trade sets in. The new wage scale has been completed and is now in the printer's hands. It is expected that it will be

delivered to all the operatives the present week. It has been arranged in sections covering each department, so as to be convenient for reference by the different classes of operatives. It will be the subject of careful study by them in their leisure hours for weeks to come, and it is hoped by both manufacturers and operatives that it will prove mutually satisfactory. A few minor adjustments may prove necessary in working operations.

Trenton.

Although there is somewhat of a halt in the business at the New York offices, good orders continue to pour in from the traveling men and by mail, and the condition of trade is admirable. All the potteries are busy pushing manufacturing trying to reduce the order files. The business for the past quarter of the year has proven very gratifying.

Wheeling.

The pottery business this spring is the richest in every way that it has been since Wheeling knew anything of the pottery business. Trade could hardly be better, so far as volume goes, and the shapes, designs, decorations and everything pertaining to the business is far in advance of any previous year.

THE POTTERY WORLD.

News of Interest About Ceramic Production From All Sections
of the Trade.

The increase in imports of earthenware and china for eight months ending Feb. 28, 1900, over the corresponding time in 1898 was \$1,341,494 and for a like time in 1899, \$796,022.

For two weeks it has been rumored that the English potters are on a strike, but the only definite information that has reached this country is a cable to Bassett & Co., New York, which read: "Edwards strike; Alcock working."

Workmen have started on the new warehouse for the Evansville pottery. It will be 40x70. The bisque kilns at this pottery are now fired on Sunday, as one of the old kilns has been torn down and two new ones will be built.

Samuel Bickford, a pottery worker of Evansville, has arrived in the city.

The Evansville correspondent of the Commoner says that George Carey is in that city and is shaking hands with his old friends among the pottery workers. A number of East Liverpool people are employed at the pottery.

The Schrader China company has been incorporated at Indianapolis. The capital stock is \$18,000.

William Bluer is the manager of the new white ware pottery at Akron, and James Barker will be the foreman of the clay shops.

Pierce Kirby, of the Salem China company, is sending a crate of ware to the Paris exposition. The Salem China company is now making its own crates and casks.

What is known as Rockingham ware as made in the United States, is simply yellow ware covered with a dark brown glaze, and often mottled by spattering the glaze before it is fired. The name was first applied to pottery made in England, and about 1796, at the Swinton works, which were located on the estate of Charles, marquis of Rockingham. The wares made at this place were claimed to be of superior quality, and to have received their mottled brown color from repeated firings.

George Brockway and James Turner, kilnhands at the Salem pottery, will return to East Palestine.

The Warwick, Wheeling, is building a new kiln.

The Maddock, Trenton, has increased the capital stock from \$100,000 to \$200,000.

W. S. George will manage the new Cannonsburg (Pa.) plant, but will still retain control of the East Palestine pottery. The new pottery will

hardly be in operation before September.

The new Akron pottery will not be in operation before June 1.

Charles Kilmer, of this city, has accepted a position as jiggerman at the Salem China company's pottery.

Trenton potteries are experiencing a shortage of kilnhands.

The way in which the Indians made soapstone dishes is said to be as follows: With a hard implement, probably a flint, they cut a circle on the stone which was to become a dish and then chipped away and down on the circumference of this. They then fashioned the outside to the shape they desired, while it was still attached to the rock itself. Finally, they split it off at the bottom and hollowed it out, and the dish was completed.

advertisement which appeared in this
paper with the following comment:
"The advertisement of Wm. Erlanger

mendable piece of work. It has been
reduced from 7x15 inches. The only
criticism we have to make is as to
the omission of the place in which
Messrs. Erlanger & Co. are doing busi-
ness. The street is given, but what
matters the street if the name of the
place is omitted? To assume that
the place of business is known to peo-
ple far and wide proves very frequent-
ly an unwarranted assumption. The
presswork of the product is in plain
lettering, with sufficient variety in the
style of type to make it attractive.
The cuts are used to good advantage,
and give strength to the several de-
partments. It is, in short, a strong
and attractive advertisement."

Rogers Noontide.

The writer is informed by a citizen
of Rogers familiar with the facts in
the case that Mayor-elect Davidson,
of East Liverpool, is not the keeper
of a gambling room, as was stated by
some exchanges and repeated in
this paper; that he is the proprietor
of a billiard room, a reputable place
of amusement in the city. The infor-

in sympathy with the saloon element,
and that he will make the city one

Many a happy citizen makes a public

Mrs. William James, who lives at
283 Third street, says: "I was trou-

weakness of the back and kidneys, a
dull aching pain across my loins up
under my shoulder blades and rheu-
matic pains in my right shoulder. I
was very susceptible to changes of the
weather and was so bad at times that
I could scarcely stand and support
my own weight. The trouble affected
my nervous system, causing a fre-
quent fluttering of the heart and
shortness of breath. I generally re-
sorted to porous plasters, but the re-
lief was only temporary. I got Doan's

Mrs. William James, who lives at
283 Third street, says: "I was trou-
bled off and on for eight years with a
weakness of the back and kidneys, a
dull aching pain across my loins up
under my shoulder blades and rheu-
matic pains in my right shoulder. I
was very susceptible to changes of the
weather and was so bad at times that
I could scarcely stand and support
my own weight. The trouble affected
my nervous system, causing a fre-
quent fluttering of the heart and
shortness of breath. I generally re-
sorted to porous plasters, but the re-
lief was only temporary. I got Doan's
Kidney Pills at the W. & W. phar-
macy, obtained instant relief and fi-
nally a cure."

DAVIDSON'S FIRST CASE

A Victim Was Arrested Yesterday Noon, and Put Up Security.

DAWSON GETS THE REWARD

The Prisoner Was Charged With Assault and Battery and Disorderly Conduct.

HE WILL CALL AND SETTLE

There is joy in police court today, and Mayor Davidson has disposed of his first case.

Officer Dawson won the reward of two glasses of mustard and a bottle of horseradish, and James Preston was the victim.

John Michaels made complaint against Preston, charging him with assault and battery and disorderly conduct. It didn't take the new administration very long to gather him in and Officer Dawson made the arrest and Preston had the pleasure of being the first offender to face Mayor Davidson. He gave security for his appearance, and will call at a later date and pay for his fun.

It has been suggested that a fitting celebration be arranged and the reward presented to Dawson with fitting ceremonies.

Although her statement may have been true Judge Hole had reason for refusing to release her.

DISREGARDED PREMONITION

HENRY GEORGE NEGLECTED TO HEED A PREMONITION

To Cross the Chester Bridge and in Consequence He Was Arrested.

The Cleveland Leader of today publishes the following:

"After being chased through Columbus, Cincinnati, Wheeling, Cleveland and over the larger part of the state, Henry George was arrested yesterday at East Liverpool, O., where he is said to have been living for some time under the name of Henry Gordon. He was working there as a telephone lineman.

"George was arrested last September which he is alleged to have collected as rent for houses owned by Vice President A. J. Weatherhead, of the Cleveland Faucet company. He was ber for failing to turn over about \$200 released on straw bail and disappeared. Ever since then the American Surety company, that paid over to his employer the \$200 for which it was his security, has been after George. He is said to be a very alert young man, and the effort to catch him was unsuccessful until yesterday. Finally he was located at East Liverpool, and Captain C. E. Henry, inspector for the company, sent Detective F. C. Webster, one of his officers, after him. George was brought here last evening and lodged in jail.

"East Liverpool is just across the river from West Virginia, so that all that George would have had to do to get out of the state would have been to walk across a bridge. This would have necessitated requisition proceedings, and been a possible chance of escape. On the way to this city George told Detective Webster that the night before he was arrested he had a premonition that he ought to go across the bridge."

George came to this city Tuesday from Cleveland and secured a position with the United States Telephone company, working under Foreman Griffith. He formerly worked with this company at Cleveland. Detective Webster came here Thursday and yesterday morning placed George under arrest at the postoffice as he was getting his mail. The men took dinner yesterday at the Hotel Lakel, and on the register appears the name of C. F. Webster and friend. The men went to Cleveland yesterday afternoon.

River News.

Contrary to expectations the river is falling and has now dropped so low that the barge stage, which has held for the past 10 days, is gone. There is sufficient coal loaded to make a big shipment south if there was water enough. The mark at the wharf registers 7 feet. The Sunday boats will be up on time, and the Virginia and Lorena will be down this evening.

GLENDOWER—"I can call spirits from the vasty deep."

HOTSPUR—"Why, so can I, or so can any man."

"But will they come when you de call for them?"—SHAKESPEARE.

How quickly Hotspur's wise and witty retort tears the tragic mantle in which Glendower stalks, and shows beneath the seer's robe, the motley of the mountebank. Most people would have taken the Welchman at his word, and called him seer, without noting the difference between to call and to command.

Certain points of comparison are suggested between Glendower's tragic claim and the comic claim made in some specious advertisements. "I am a woman, I know all about woman. I understand woman, and I can cure woman because I am a woman." The modern Mrs. Hotspur puts her finger right on the weak spot of that clamorous claim by saying: "Why if you can cure woman simply because you are a woman, then so can I and so can any woman." Which very plainly brings out the common sense fact that the cure of diseases does not depend upon being a man or being a woman but does depend upon being a trained and experienced physician.

There is, as far as is known, no qualified woman physician associated with any proprietary medicine firm. It is certain that there is no one, man or woman, who can show an experience or record equal to that of Dr. R. V. Pierce; more than thirty years of treatment of women's diseases with ninety-eight per cent. cured out of more than half-a-million women treated. Sick women can consult Dr. Pierce by letter absolutely free of charge. Every letter is held as strictly private and sacredly confidential. All answers are mailed securely sealed in perfectly plain envelopes. Address Dr. R. V. Pierce, Buffalo, N. Y.

NEW CREED PROBABLE

Presbyterians Arrayed Against the Old Confession.

CHANGE LIKELY AT ASSEMBLY.

Members in New York, Usually Conservative, Have Joined the Progressive Element—Rev. Dr. Haines Favors the Change—Church Organ Advocates It.

CHICAGO, April 14.—The Interior, the Presbyterian organ, will contain a strong editorial on Monday advocating the setting aside of the confession of faith and the adoption of a short evangelical creed. Dr. Gray, the editor who has defended Dr. Hillis, repeats what he said when Dr. Hillis was first attacked—that three-fourths of the ministers and nine-tenths of the members of the Presbyterian church reject the clause in the confession which Hillis attacked and for which he was denounced by certain theologians and religious newspapers.

Dr. Gray has no doubt that the church will take an early opportunity to vote on a new creed and that it will be carried by a large majority.

INDIANAPOLIS, Ind., April 14.—Dr. M. L. Haines, pastor of the First Presbyterian church, of this city, of which General Harrison is a prominent member, and who was within a few votes of being elected moderator of the Presbyterian church at the last general assembly, said in regard to the proposed change in the Presbyterian creed:

"For a number of years I have been an advocate of a newer and shorter creed, and believe that, following the example of the English Presbyterian church, a revision should be made. I hope that at the coming meeting of the general assembly the movement for a new creed will be pushed. I believe that the great majority of our Presbyterian ministers and members would favor the adoption by the church of a brief, clear statement of the essential principles of the Christian faith. While I assent to the general system of the doctrine of the confession of faith, I object decidedly to certain misleading statements in it which seem to teach fatalism. I feel that this is an opportune time to again push the movement for revision, and believe that at the coming general assembly it will be successful."

NEW YORK, April 14.—The Herald said:

Following closely upon the withdrawal of Rev. Dr. Newell Dwight Hillis from the Presbyterian church a movement for the revision of the Westminster confession of faith has taken shape, and the indications are that a vigorous fight for a new creed will be made at the meeting of the general assembly of the church in St. Louis next month.

Ministers prominent in the denomination, and who are usually classed among the conservatives, have joined the progressive element, and a radical revision of the articles of faith seems to be the only outcome of the agitation.

Rev. David Gregg, pastor of the Lafayette Avenue Presbyterian church, Brooklyn, when he said:

"The Presbyterian church needs a new and simple creed," voiced the sentiments of many clergymen and lay members of the church.

The Rev. Dr. Parkhurst, who like Dr. Gregg is a conservative, will discuss the demand for a revision of the creed at the Easter services in his church Sunday.

TO ELECT SENATORS

BY POPULAR VOTE.

House of Representatives Passed a Joint Resolution to Have Constitution So Amended.

WASHINGTON, April 14.—The house, by a vote of 240 to 15, adopted a resolution for a constitutional amendment providing for the election of United States senators by direct vote of the people. Fourteen Republicans and one Democrat voted against it.

The remainder of the day was devoted to the consideration of private pension bills. During the course of the debate there were several sharp attacks upon Mr. Talbot (Dem., S. C.) for his course in delaying action on bills.

The house favorably acted upon 53 bills, among which were two senate bills to increase the pensions of the widows of Captain Allyn Capron and Captain Allyn K. Capron, father and son, who fell during the Spanish war in Cuba. The senate fixed the rate of each of these widows at \$40. The house reduced the amount to \$35 in the case of the former and \$30 in the case of the latter.

TURKEY HAS NOT REPLIED.

Defense of American Pork Being Prepared at Agricultural Department.

WASHINGTON, April 14.—No response has yet been received from the Turkish government to the strong protest lodged

by the American chargé at Constantinople, by direction of the state department, against the proposed decree excluding American pork from importation into Turkey, and it is not known here whether the decree will be actually executed.

Meanwhile the department of agriculture is preparing a defense sufficiently comprehensive to meet the proposed Turkish decree, and like hostile orders and enactments by other European governments.

Quicseakers Hustling.

WASHINGTON, April 14.—It is understood that no selection of a successor to Mr. Allen as assistant secretary of the navy will be made until Secretary Long returns to Washington from Colorado and has had an opportunity to express his preference in the matter. Meanwhile the tide of place seekers has turned upon Mr. Allen's office and the places in the Porto Rican government.

Cortelyou Succeeds Porter.

WASHINGTON, April 14.—Owing to continued ill health, Hon. John Addison Porter, secretary to the president, tendered his resignation, and the president accepted it, to take effect May 1 next. George B. Cortelyou, of New York, the present assistant secretary to the president, was appointed to the office.

ACCUSER FACING HIM.

Faitha Gillen Said In Winold's Presence He Poisoned His Wife's Relatives.

CINCINNATI, April 14.—A somewhat dramatic scene was enacted in the Winold poisoning case, when Charles O. Winold and Faitha Gillen were brought face to face in the office of the chief of police. Winold had denied all knowledge of the girl. Chief Deutsch addressed the girl, saying: "You are accused of poisoning the Winold family. Did you do it?"

"I did not," she promptly replied.

"Who did?"

"That man there," she replied. Nevertheless, Winold maintains that he never knew the girl, and that he can establish that her story that he visited her at the Winold house is untrue. His bond was fixed at \$10,000.

GERMANY TO BLAME.

At First Advised Transvaal to Fight England.

ENVOYS HAVE THE DOCUMENTS.

The German Foreign Minister Went to Milan to Confer With the Delegates Making In a Bad Way and Hope of Relief Far Off.

LONDON, April 14.—The Boer peace envoys have documents—the Rome correspondent of The Daily News says—showing that urgent advances to the Transvaal to wage war were originally made by Germany. This correspondent also asserts that Count Von Buelow, the German foreign minister, who was said to have gone on a visit to a sick brother, really went to Milan for the express purpose of conferring with the delegates.

The Boers in Natal appear incapable of developing an aggressive movement at Elandsbaagte.

Lord Methuen is at Swartkopfontein, 12 miles east of Boshof, and is sending small, swift columns through the adjacent country.

An editorial note in The Daily Mail avers that Mafeking is in a very bad way, and that the hope of relief is far off, as no force is advancing from the south.

IS ROBERTS ADVANCING?

A Dispatch From Bloemfontein Indicates It—Good Friday Services For Soldiers.

LONDON, April 14.—The Bloemfontein correspondent of The Daily Telegraph, in a dispatch dated Friday, describing Lord Roberts and the troops attending Good Friday services, said:

"But the troops are marching forward as well as to services."

The Bloemfontein correspondent of The Morning Post, telegraphing Thursday, says:

"The enemy have evidently determined to adopt entirely new tactics. Two columns are known to be moving to the south of Bloemfontein. They are relying on Cape carts for transport and are carrying scarcely any forage, and only sufficient food to meet the immediate requirements of the convoy, with ox transport following at a secure distance. The Boer columns are thus enabled to move almost as quickly as cavalry."

"It is reported that there are 9,000 Boers to the south of DeWet's camp. The force extends from that point to Odendahl. The Burghers who had returned to their farms are undoubtedly joining the enemy."

"Lord Roberts has appointed the Duke of Marlborough to be assistant military secretary at headquarters."

HEAVY LOSS OF BOERS.

Were Repulsed at Wepener—Roberts Reports Boers as Checked South of Bloemfontein.

LONDON, April 14.—The war office received the following dispatch from General Roberts.

"BLOEMFONTEIN, April 13.—10:30 p. m.—The enemy's movements south have been checked. Wepener is still surrounded, but the little garrison is holding out well. Troops are being moved to their assistance."

"The health of the troops is good and the climate perfect."

BLOEMFONTEIN, April 14.—Accounts received here of the fighting of the troops under Colonel Dalgety, at Wepener, show the Boers attacked them vigorously, but were repulsed with great loss. The Boers subsequently relinquished the attack and it is said here they are returning northward.

A WORLD'S TRUST

AMONG THE FARMERS.

Two Men Planning For Restriction In Wheat Production and Raising of Prices.

MINNEAPOLIS, April 14.—"All the farmers of the world in a sort of international trust to restrict the production of wheat and raise prices" is the plan which it is hoped to carry into effect at the international agricultural conference in Paris, July 8-16. It is proposed to ask the farmers of the world to reduce their wheat output by 20 per cent, and not to sell a bushel for less than \$1.

J. Hanley, of St. Paul, executive agent of the Farmers' Alliance and Industrial union, the National Cotton Growers' association, the Farmers' Federation of the Mississippi Valley and the National Grain Growers' association,

tion, is the chief promoter of the international agricultural trust in America.

Prof. G. Ruhland, of the University of Fribourg, Switzerland, is the chief promoter of the plan in Europe.

The idea was conceived by these two men independently of each other, but they are now working together.

GOLD MAY BE EXPORTED.

Some Talk of It, and a Small Sum Went to Buenos Ayres—Review of Trade.

NEW YORK, April 14.—R. G. Dun & Co.'s weekly review of trade, issued today, said in part:

Iron furnaces in blast April 1 produced 259,482 tons weekly, against 292,643 March 1, but unsold stocks increased 2,280 tons. A mistaken inference, possibly fatal to many in its consequences, is that stocks held by consuming concerns must be running down. As they contract for their supplies months ahead and not consumed, or waiting their orders at furnaces, would not be reckoned in unsold stocks, the surplus owned by consumers may be heavy.

For new business in finished products is reported to The Iron Age from Pittsburgh as "frightfully small," owing to belief that high prices can not be maintained, and no better report comes from Philadelphia. With No. 1 anthracite \$2 lower, refined bars \$4 and steel plates \$11 per ton lower than in December, it can hardly be called impossible for prices to yield, though many are so flimsily held. Pittsburgh reports a number of plate mills shut down, and five Pennsylvania and Ohio furnaces have stopped, perhaps for repairs, more than balancing five which started in March, two in Tennessee adding 2,500 tons weekly.

A heavy wholesale business has been done in dry goods, but the question now is whether retail distribution will justify it. As yet returns are not satisfactory; there is increase, but not enough to warrant the buying from mills. Woolens and worsteds are dull, with concessions in fancies, though staples are well sold up and firm. The material declines further, averaging nearly half a cent lower than April 1.

In spite of the heavy balance due on merchandise account, there has been talk of gold exports, and a small amount has gone to Buenos Ayres on European account. Supplies of money are abundant here, the banks have again gained largely, rates are low and commercial demands narrow, and the interior is better prepared than ever to do without aid.

The exports of wheat from both coasts continue larger than last year.

Western receipts continue larger than last year, in two weeks 6,764,640 bushels, against 5,863,665 last year. Corn receipts also continue heavy, 8,917,267 bushels, against 4,637,613 last year.

Failures for the week were 193 in the United States, against 188 last year, and 41 in Canada, against 23 last year.

The Southern Railway Strike.

CHATTANOOGA, April 14.—Passenger trains were running on the Southern, Alabama, Great Southern and the Memphis divisions of the Southern railway with but little delay. The vacancies created by strikers in this city were filled by men in the freight office who were formerly telegraphers. The officials of the Southern say that by tonight they will have all trains running regularly, both freight and passenger.

Dewey and Bryn to Meet.

CHICAGO, April 14.—Admiral Dewey and William Jennings Bryan will meet Tuesday evening, May 1, for the first time since the hero of Manila announced he was a presidential candidate. Max J. Riese, of the Lakeside club, received a telegram from Bryan saying that he would cancel previous engagements in order to be present at that organization's celebration, which is a part of the general program.

Will Drop Monnett's Suit.

COLUMBUS, April 14.—Attorney General Sheets announced he would today ask the circuit court to dismiss the suit brought by his predecessor, Mr. Monnett, to oust the Cleveland and Sandusky Brewing company from its charter on the ground that it operated in violation of the anti-trust law. The attorney general says the state failed to make out a case.

To Allow Militia \$1,000,000.

WASHINGTON, April 14.—The house committee on militia decided to fix at \$1,000,000 the amount allowed annually to the militia of the several states, in place of the \$400,000 now allowed. The bill, as heretofore agreed upon, allowed \$2,000,000 annually, in accordance with the request of the National Association of Militia Organizations.

Two Died; One Injured.

BIG RAPIDS, Mich., April 14.—The boiler of John E. Riter's saw mill, at the hamlet of Sylvester, exploded, killing David Zimmerman, aged 70, and James Moffat, aged 25. Oscar Zimmerman may die of injuries.

NEW CREED PROBABLE

Presbyterians Arrayed Against the Old Confession.

CHANGE LIKELY AT ASSEMBLY.

Members in New York, Usually Conservative, Have Joined the Progressive Element—Rev. Dr. Haines Favors the Change—Church Organ Advocates It.

CHICAGO, April 14.—The Interior, the Presbyterian organ, will contain a strong editorial on Monday advocating the setting aside of the confession of faith and the adoption of a short evangelical creed. Dr. Gray, the editor who has defended Dr. Hillis, repeats what he said when Dr. Hillis was first attacked—that three-fourths of the ministers and nine-tenths of the members of the Presbyterian church reject the clause in the confession which Hillis attacked and for which he was denounced by certain theologians and religious newspapers.

Dr. Gray has no doubt that the church will take an early opportunity to vote on a new creed and that it will be carried by a large majority.

INDIANAPOLIS, Ind., April 14.—Dr. M. L. Haines, pastor of the First Presbyterian church, of this city, of which General Harrison is a prominent member, and who was within a few votes of being elected moderator of the Presbyterian church at the last general assembly, said in regard to the proposed change in the Presbyterian creed:

"For a number of years I have been an advocate of a newer and shorter creed, and believe that, following the example of the English Presbyterian church, a revision should be made. I hope that at the coming meeting of the general assembly the movement for a new creed will be pushed. I believe that the great majority of our Presbyterian ministers and members would favor the adoption by the church of a brief, clear statement of the essential principles of the Christian faith. While I assent to the general system of the doctrine of the confession of faith, I object decidedly to certain misleading statements in it which seem to teach fatalism. I feel that this is an opportune time to again push the movement for revision, and believe that at the coming general assembly it will be successful."

NEW YORK, April 14.—The Herald said:

Following closely upon the withdrawal of Rev. Dr. Newell Dwight Hillis from the Presbyterian church a movement for the revision of the Westminster confession of faith has taken shape, and the indications are that a vigorous fight for a new creed will be made at the meeting of the general assembly of the church in St. Louis next month.

Ministers prominent in the denomination, and who are usually classed among the conservatives, have joined the progressive element, and a radical revision of the articles of faith seems to be the only outcome of the agitation.

Rev. David Gregg, pastor of the Lafayette Avenue Presbyterian church, Brooklyn, when he said:

"The Presbyterian church needs a new and simple creed," voiced the sentiments of many clergymen and lay members of the church.

The Rev. Dr. Parkhurst, who like Dr. Gregg is a conservative, will discuss the demand for a revision of the creed at the Easter services in his church Sunday.

TO ELECT SENATORS BY POPULAR VOTE.

House of Representatives Passed a Joint Resolution to Have Constitution So Amended.

WASHINGTON, April 14.—The house, by a vote of 240 to 15, adopted a resolution for a constitutional amendment providing for the election of United States senators by direct vote of the people. Fourteen Republicans and one Democrat voted against it.

The remainder of the day was devoted to the consideration of private pension bills. During the course of the debate there were several sharp attacks upon Mr. Talbot (Dem., S. C.) for his course in delaying action on bills.

The house favorably acted upon 53 bills, among which were two senate bills to increase the pensions of the widows of Captain Allyn Capron and Captain Allyn K. Capron, father and son, who fell during the Spanish war in Cuba. The senate fixed the rate of each of these widows at \$40. The house reduced the amount to \$25 in the case of the former and \$30 in the case of the latter.

TURKEY HAS NOT REPLIED.

Defense of American Pork Being Prepared at Agricultural Department.

WASHINGTON, April 14.—No response has yet been received from the Turkish government to the strong protest lodged

by the American chargé at Constantinople, by direction of the state department, against the proposed decree excluding American pork from importation into Turkey, and it is not known here whether the decree will be actually executed.

Meanwhile the department of agriculture is preparing a defense sufficiently comprehensive to meet the proposed Turkish decree, and like hostile orders and enactments by other European governments.

Onicessekers Hustling.

WASHINGTON, April 14.—It is understood that no selection of a successor to Mr. Allen as assistant secretary of the navy will be made until Secretary Long returns to Washington from Colorado and, as an opportunity to express his preference in the matter. Meanwhile the tide of place seekers has turned upon Mr. Allen's office and the place in the Porto Rican government.

Corleyou Succeeds Porter.

WASHINGTON, April 14.—Owing to continued ill health, Hon. John Addison Porter, secretary to the president, tendered his resignation, and the president accepted it, to take effect May 1 next. George B. Corleyou, of New York, the present assistant secretary to the president, was appointed to the office.

ACCUSER FACING HIM.

Faltha Gillen Said in Winold's Presence He Poisoned His Wife's Relatives.

CINCINNATI, April 14.—A somewhat dramatic scene was enacted in the Winold poisoning case, when Charles O. Winold and Faltha Gillen were brought face to face in the office of the chief of police. Winold had denied all knowledge of the girl. Chief Deitrich addressed the girl, saying: "You are accused of poisoning the Winold family. Did you do it?" "I did not," she promptly replied. "Who did?" "That man there," she replied. Nevertheless, Winold maintains that he never knew the girl, and that he can establish that her story that he visited her at the Winold house is untrue. His bond was fixed at \$10,000.

Boer Losses Estimated at 12,000.

LOURENZO MARQUES, April 14.—The actual Boer losses up to the end of March, including prisoners, is estimated at 12,000.

GERMANY TO BLAME.

At First Advised Transvaal to Fight England.

ENVOYS HAVE THE DOCUMENTS.

The German Foreign Minister Went to Milan to Confer With the Delegates Making In a Bad Way and Hope of Relief Far Off.

LONDON, April 14.—The Boer peace envoys have documents—the Rome correspondent of The Daily News says—showing that urgent advances to the Transvaal to wage war were originally made by Germany. This correspondent also asserts that Count Von Buelow, the German foreign minister, who was said to have gone on a visit to a sick brother, really went to Milan for the express purpose of conferring with the delegates.

The Boers in Natal appear in a capable of developing an aggressive movement at Elandsbaagte.

Lord Methuen is at Swartkopfontein, 12 miles east of Boshof, and is sending small, swift columns through the adjacent country.

An editorial note in The Daily Mail avers that Mafeking is in a very bad way, and that the hope of relief is far off, as no force is advancing from the south.

IS ROBERTS ADVANCING?

A Dispatch From Bloemfontein Indicates It—Good Friday Services For Soldiers.

LONDON, April 14.—The Bloemfontein correspondent of The Daily Telegraph, in a dispatch dated Friday, describing Lord Roberts and the troops attending Good Friday services, said:

"But the troops are marching forward as well as to services."

The Bloemfontein correspondent of The Morning Post, telegraphing Thursday, says:

"The enemy have evidently determined to adopt entirely new tactics. Two columns are known to be moving to the south of Bloemfontein. They are relying on Cape carts for transport and are carrying scarcely any forage, and only sufficient food to meet the immediate requirements of the convoy, with ox transport following at a secure distance. The Boer columns are thus enabled to move almost as quickly as cavalry."

"It is reported that there are 9,000 Boers to the south of DeWet's camp. The force extends from that point to Odendahl. The Burghers who had returned to their farms are undoubtedly joining the enemy."

"Lord Roberts has appointed the Duke of Marlborough to be assistant military secretary at headquarters."

HEAVY LOSS OF BOERS.

Were Repulsed at Wepener—Roberts Reports Boers as Checked South of Bloemfontein.

LONDON, April 14.—The war office received the following dispatch from General Roberts.

"BLOEMFONTEIN, April 13.—10:30 p. m.—The enemy's movements south have been checked. Wepener is still surrounded, but the little garrison is holding out well. Troops are being moved to their assistance."

"The health of the troops is good and the climate perfect."

BLOEMFONTEIN, April 14.—Accounts received here of the fighting of the troops under Colonel Dalgely, at Wepener, show the Boers attacked them vigorously, but were repulsed with great loss. The Boers subsequently relinquished the attack and it is said here they are returning northward.

A WORLD'S TRUST AMONG THE FARMERS.

Two Men Planning For Restriction In Wheat Production and Raising of Prices.

MINNEAPOLIS, April 14.—"All the farmers of the world in a sort of international trust to restrict the production of wheat and raise prices" is the plan which it is hoped to carry into effect at the international agricultural conference in Paris, July 8-16. It is proposed to ask the farmers of the world to reduce their wheat output by 30 per cent, and not to sell a bushel for less than \$1.

J. Hanley, of St. Paul, executive agent of the Farmers' Alliance and Industrial union, the National Cotton Growers' association, the Farmers' Federation of the Mississippi Valley and the National Grain Growers' association,

tion, is the chief promoter of the international agricultural trust in America.

Prof. G. Ruhland, of the University of Fribourg, Switzerland, is the chief promoter of the plan in Europe.

The idea was conceived by these two men independently of each other, but they are now working together.

GOLD MAY BE EXPORTED.

Some Talk of It, and a Small Sum Went to Buenos Ayres—Review of Trade.

NEW YORK, April 14.—R. G. Dun & Co.'s weekly review of trade, issued today, said in part:

Iron furnaces in blast April 1 produced 289,482 tons weekly, against 292,643 March 1, but unsold stocks increased 2,280 tons. A mistaken inference, possibly fatal to many in its consequences, is that stocks held by consuming concerns must be running down. As they contract for their supplies months ahead and such supplies, whether delivered and not consumed, or waiting their orders at furnaces, would not be reckoned in unsold stocks, the surplus owned by consumers may be heavy.

For new business in finished products is reported to The Iron Age from Pittsburgh as "frightfully small," owing to belief that high prices can not be maintained, and no better report comes from Philadelphia. With Mo. 1 anthracite \$21 lower, refined bars \$4 and steel plates \$11 per ton lower than in December, it can hardly be called impossible for prices to yield, though many are so firmly held. Pittsburgh reports a number of plate mills shut down, and five Pennsylvania and Ohio furnaces have stopped, perhaps for repairs, more than balancing five which started in March, two in Tennessee adding 2,500 tons weekly.

A heavy wholesale business has been done in dry goods, but the question now is whether retail distribution will justify it. As yet returns are not satisfactory; there is increase, but not enough to warrant the buying from mills. Woollens and worsteds are dull, with concessions in fancies, though staples are well sold up and firm. The material declines further, averaging nearly half a cent lower than April 1.

In spite of the heavy balance due on merchandise account, there has been talk of gold exports, and a small amount has gone to Buenos Ayres on European account. Supplies of money are abundant here, the banks have again gained largely, rates are low and commercial demands narrow, and the interior is better prepared than ever to do without aid.

The exports of wheat from both coasts continue larger than last year.

Western receipts continue larger than last year, in two weeks 6,764,640 bushels, against 5,863,665 last year. Corn receipts also continue heavy, 8,917,267 bushels, against 4,637,613 last year.

Failures for the week were 193 in the United States, against 188 last year, and 41 in Canada, against 22 last year.

The Southern Railway Strike.

CHATTANOOGA, April 14.—Passenger trains were running on the Southern, Alabama, Great Southern and the Memphis divisions of the Southern railway with but little delay. The vacancies created by strikers in this city were filled by men in the freight office who were formerly telegraphers. The officials of the Southern say that by tonight they will have all trains running regularly, both freight and passenger.

Dewey and Bryn to Meet.

CHICAGO, April 14.—Admiral Dewey and William Jennings Bryan will meet Tuesday evening, May 1, for the first time since the hero of Manila announced he was a presidential candidate. Max J. Riese, of the Lakeside club, received a telegram from Bryan saying that he would cancel previous engagements in order to be present at that organization's celebration, which is a part of the general program.

Will Drop Monnett's Suit.

COLUMBUS, April 14.—Attorney General Sheets announced he would today ask the circuit court to dismiss the suit brought by his predecessor, Mr. Monnett, to oust the Cleveland and Sandusky Brewing company from its charter on the ground that it operated in violation of the anti-trust law. The attorney general says the state failed to make out a case.

To Allow Militia \$1,000,000.

WASHINGTON, April 14.—The house committee on militia decided to fix at \$1,000,000 the amount allowed annually to the militia of the several states, in place of the \$400,000 now allowed. The bill, as heretofore agreed upon, allowed \$2,000,000 annually, in accordance with the request of the National Association of Militia Organizations.

Two Died; One Injured.

BIG RAPIDS, Mich., April 14.—The boiler of John E. Riter's saw mill, at the hamlet of Sylvester, exploded, killing David Zimmerman, aged 70, and James Moffat, aged 25. Oscar Zimmerman may die of injuries.

EXPOSITION IS OPENED

Loubet Visited Buildings in Paris Today.

BIG SHOW IN BAD SHAPE.

Those of the Buildings That Were Completed Had Not the Exhibits in Place in Them—Pardons Issued in Honor of the Event by the President.

PARIS, April 14.—The ceremonies opening the Paris exposition occurred this afternoon when M. Millerand, the minister of commerce made the inaugural address, to which President Loubet replied. The president then walked through a portion of the grounds and afterward embarking on a river craft, he went down the river Seine to the new Alexander III bridge, which he

CITY OF PARIS PAVILION.

formally declared open. The public was not admitted, the formal opening to the public taking place tomorrow.

M. Loubet celebrated the inauguration by pardoning all army and navy prisoners who are undergoing sentences for minor offenses. Moreover all soldiers and sailors received a special ration of wine today.

A list of about 50 decorations of the Legion of Honor, conferred upon French exposition officials, has been promulgated. M. Alfred Picard, the commissioner general, heads the list with the grand cross.

Much of the exposition space was covered last evening with flickering lights, and hordes of workmen were busily engaged in clearing away scaffolding, packing cases and debris of every kind which littered all the arteries of the exposition.

This work was only to prepare a series of tableaux for the president today, as he was not expected to enter the exposition buildings proper, but only inspect the edifices from the outside, for the excellent reason that the buildings, where finished, were mere shells, with scarcely any exhibits to be seen anywhere.

These scaffolding were to be rebuilt and the interrupted work of installation resumed after the president's visit.

TOLEDO APPROPRIATION.

Two House Conferrees Hold Out For More Money—Failed to Pass in the House.

COLUMBUS, April 14.—A conference committee of the house and senate agreed upon an appropriation of \$500,000 for the Ohio Centennial exposition at Toledo, and the appointment of a new commission. Two of the house conferees, however, refused to sign the report, holding out for the \$1,000,000 appropriation.

The motion to accept the report in the house failed to secure a constitutional majority. A strong effort will be made to secure concurrence before the final adjournment Monday.

BATTLE OF LEXINGTON SPIRIT.

Hoar Believes Liberty Will Triumph in the Orient.

BOSTON, April 14.—In response to an invitation extended to him by the American-Irish Historical society, Senator Hoar has written a letter regretting his inability to participate with the society in its 19th of April celebration. In the letter Senator Hoar said in part:

"I am sure that the celebration will be in the spirit which animated the men who fought and the men who died on the 19th of April, 1775.

"This spirit, I am sure, will sooner or later be victorious against what now seems invincible odds in the eastern hemisphere, which shall yet, in God's good time, be occupied by free men in independent nations."

KILLED FOR HIS MONEY.

Strong Evidence in the Dilley Murder Hearing at Celina.

CELINA, O., April 14.—The preliminary hearing began of Clyde McGraw, Charles Martin, Georgia Edwards, Alice Bauer and Mrs. Quigg, of the Lakeside House for the murder last month of

John R. Dilley, a prominent retired lumberman, whose body was found in the reservoir near the resort and who was last seen at this resort. Hazel Wright, an inmate of the place, testified to Mrs. Quigg introducing Dilley on the night of the murder as a man of wealth.

Nellie Black, another inmate, testified to being awakened by a disturbance. The witnesses corroborated each other, and outlined a deliberate murder for money and an attempt to hide it by sinking the body in the reservoir.

EXPULSION FROM PARTY.

Committeeman Cavanaugh Will Urge Pennsylvania Democrats to Act Against Philadelphia Managers.

PHILADELPHIA, April 14.—The committee appointed by the Democratic state committee to investigate the causes of the falling off of the party vote in a number of counties of the state, concluded its work of hearing testimony.

The committee will meet at Harrisburg on Tuesday afternoon to prepare its report, and it is believed that the three members will disagree as to its recommendations. Chairman Ancona and Mr. Brinton, it is said, favor a conservative course, but Committeeman Cavanaugh favors reading the Philadelphia managers entirely out of the party, and he, it is confidently believed, will so recommend in a minority report.

Secretary Moyer, of the Democratic committee, sent out notices for a meeting of the state executive committee at Harrisburg, at 10 o'clock, on next Wednesday, and of the general state committee at 2 o'clock in the afternoon. The probers' reports will, in the first place, be submitted to the executive committee and by it referred to the general committee.

CLARK WILL NOT RESIGN.

Fight to Be Made For Him on Floor of Senate.

BUTTE, Mont., April 14.—The Inter-Mountain, upon advices from the east, said in part:

"It is now certain that Senator Clark will not resign. The pressure from his Montana friends and legal advisers is in favor of continuing to a finish. Senators Clay, Mason, Bacon and Heitfeld will make a fight on the floor of the senate, claiming a two-thirds vote is necessary to unseat him. They claim that the report of the committee does not sustain the direct charge of bribery against him.

"This policy will prevent appointment by the governor and may lead to the election of two Republican senators, so a majority opposition to delay is not expected. Senator Mason will conduct the fight for Clark."

ATTEMPT TO NOMINATE FAILED.

Fourteenth Ohio Republican Convention Adjourned to Meet May 17.

WELLINGTON, O., April 14.—The attempt to nominate a candidate for congress to succeed Representative W. S. Kerr was abandoned by the Republican convention of the Fourteenth district, after 1,352 ballots had been taken. The convention met on Tuesday morning, and it was in session day and night, with short intermissions, for nearly four days.

A conference committee of representatives from each county in the district was appointed, and the report of the committee that the convention adjourn to meet in Norwalk on May 17 was adopted. There was no change in the vote from the 759th to the 1,352d ballot. This deadlock is a record breaker, so far as Ohio is concerned.

SILVER FUSION IN OREGON.

The Three Parties Stand Firmly on Bryan's Nomination.

PORTLAND, Or., April 14.—The state convention of the Democrats and Populists effected a fusion of the two parties and adjourned. The Silver Republicans also joined in the fusion movement, though they held no convention.

Both the Democrats and Populists endorsed William J. Bryan for the presidential nomination, but the Populist delegates to the national convention were instructed to vote for no other Democrat for the nomination for vice president and to vote only for vice president.

Democratic Primaries in Alabama.

BIRMINGHAM, Ala., April 14.—Today Democratic primaries are being held in a majority of the counties to select candidates for state offices and representatives to the general assembly, involving the election of an United States senator to succeed John T. Morgan. Senator Morgan is opposed by Governor Joseph Johnston.

Bryan in New Mexico.

ALBUQUERQUE, N. M., April 14.—The territorial Democratic convention elected six delegates to the national convention and instructed them to vote for William J. Bryan for president. Mr. Bryan arrived here last night.

RATCHFORD APPOINTED.

Governor Nash Named Him as State Commissioner of Labor Statistics For Ohio.

COLUMBUS, April 14.—Governor Nash appointed Hon. M. D. Ratchford, of Massillon, state commissioner of labor statistics, and Hon. Elmer C. Briddison, of Athens, state inspector of mines

MICHAEL D. RATCHFORD.

and mining. Mr. Ratchford was formerly president of the United Mine Workers of America and is now a member of the United States industrial commission.

TO ENTERTAIN CUBAN TEACHERS.

Superintendent Frye Addressed a Meeting in Boston.

BOSTON, April 14.—The cause of the Cuban public schools was presented last night at a massmeeting in Huntington hall, institute of technology, addressed by Alexis E. Frye, superintendent of schools in Cuba, and President Charles Eliot of Harvard university.

The meeting was to encourage the movement to care for the 1,400 or more Cuban teachers whom Superintendent Frye proposes to bring to this country in the summer on a patriotic excursion, the means of which will be provided by government and private aid.

CLEVELAND, April 14.—Unless the tug companies grant the demands of firemen before Monday next the men declare they will go on strike and tie up all the harbor tugs at all lower lake ports. They ask for \$60 per month and also that two firemen be employed on each tug instead of one. Conferences will be held here today between tug company officials and representatives of the firemen.

He helped to found the Cleveland Press and was interested in the Cincinnati Post, Kentucky Post, St. Louis Chronicle, Kansas City World and Omaha News, and his journalistic possessions extended to the Pacific coast.

The Cabinet Meeting.

WASHINGTON, April 14.—The cabinet meeting was occupied largely in a discussion of Porto Rico affairs and particularly the Porto Rican bill, which was signed by the president the other day. The provisions of the bill were carefully gone over and suggestions were made as to the personnel of the new administration of the island.

NEW CASTLE, Pa., April 14.—Philip Young, a wealthy farmer of near Enon Valley, Lawrence county, is lying at the point of death with a terrible gash in his throat. EXPOSITION IS OPENED

Loubet Visited Buildings In Paris Today.

BIG SHOW IN BAD SHAPE.

Those of the Buildings That Were Completed Had Not the Exhibits In Place In Them—Pardons Issued In Honor of the Event by the President.

PARIS, April 14.—The ceremonies opening the Paris exposition occurred this afternoon when M. Millerand, the minister of commerce made the inaugural address, to which President Loubet replied. The president then walked through a portion of the grounds and afterward embarking on a river craft, he went down the river Seine to the new Alexander III bridge, which he

formally declared open. The public was not admitted, the formal opening to the public taking place tomorrow.

M. Loubet celebrated the inauguration by pardoning all army and navy prisoners who are undergoing sentences for minor offenses. Moreover all soldiers and sailors received a special ration of wine today.

A list of about 50 decorations of the Legion of Honor, conferred upon French exposition officials, has been promulgated. M. Alfred Picard, the commissioner general, heads the list with the grand cross.

Much of the exposition space was covered last evening with flickering lights, and hordes of workmen were busily engaged in clearing away scaffoldings, packing cases and debris of every kind which littered all the arteries of the exposition.

This work was only to prepare a series of tableaux for the president today, as he was not expected to enter the exposition buildings proper, but only inspect the edifices from the outside, for the excellent reason that the buildings, where finished, were mere shells, with scarcely any exhibits to be seen anywhere.

These scaffoldings were to be rebuilt and the interrupted work of installation resumed after the president's visit.

TOLEDO APPROPRIATION.

Two House Conferrees Hold Out For More Money—Failed to Pass in the House.

COLUMBUS, April 14.—A conference committee of the house and senate agreed upon an appropriation of \$500,000 for the Ohio Centennial exposition at Toledo, and the appointment of a new commission. Two of the house conferees, however, refused to sign the report, holding out for the \$1,000,000 appropriation.

The motion to accept the report in the house failed to secure a constitutional majority. A strong effort will be made to secure concurrence before the final adjournment Monday.

BATTLE OF LEXINGTON SPIRIT.

Hoar Believes Liberty Will Triumph In the Orient.

BOSTON, April 14.—In response to an invitation extended to him by the American-Irish Historical society, Senator Hoar has written a letter regretting his inability to participate with the society in its 19th of April celebration. In the letter Senator Hoar said in part: "I am sure that the celebration will be in the spirit which animated the men who fought and the men who died on the 19th of April, 1775."

"This spirit, I am sure, will sooner or later be victorious against what now seems invincible odds in the eastern hemisphere, which shall yet, in God's good time, be occupied by free men in independent nations."

KILLED FOR HIS MONEY.

Strong Evidence in the Dilley Murder Hearing at Celina.

CELINA, O., April 14.—The preliminary hearing began of Clyde McGraw, Charles Martin, Georgia Edwards, Alice Rauer and Mrs. Quigg, of the Lakeside House for the murder last month of

John R. Dilley, a prominent retired lumberman, whose body was found in the reservoir near the resort and who was last seen at this resort. Hazel Wright, an inmate of the place, testified to Mrs. Quigg introducing Dilley on the night of the murder as a man of wealth.

Nellie Black, another inmate, testified to being awakened by a disturbance. The witnesses corroborated each other, and outlined a deliberate murder for money and an attempt to hide it by sinking the body in the reservoir.

EXPULSION FROM PARTY.

Committeeman Cavanaugh Will Urge Pennsylvania Democrats to Act Against Philadelphia Managers.

PHILADELPHIA, April 14.—The committee appointed by the Democratic state committee to investigate the causes of the falling off of the party vote in a number of counties of the state, concluded its work of hearing testimony.

The committee will meet at Harrisburg on Tuesday afternoon to prepare its report, and it is believed that the three members will disagree as to its recommendations. Chairman Ancona and Mr. Brinton, it is said, favor a conservative course, but Committeeman Cavanaugh favors reading the Philadelphia managers entirely out of the party, and he, it is confidently believed, will so recommend in a minority report.

Secretary Moyer, of the Democratic committee, sent out notices for a meeting of the state executive committee at Harrisburg, at 10 o'clock, on next Wednesday, and of the general state committee at 2 o'clock in the afternoon. The probers' reports will, in the first place, be submitted to the executive committee and by it referred to the general committee.

CLARK WILL NOT RESIGN.

Fight to Be Made For Him on Floor of Senate.

BUTTE, Mont., April 14.—The Inter-Mountain, upon advices from the east, said in part:

"It is now certain that Senator Clark will not resign. The pressure from his Montana friends and legal advisers is in favor of continuing to a finish. Senators Clay, Mason, Bacon and Heitfeld will make a fight on the floor of the senate, claiming a two-thirds vote is necessary to unseat him. They claim that the report of the committee does not sustain the direct charge of bribery against him."

"This policy will prevent appointment by the governor and may lead to the election of two Republican senators, so a majority opposition to delay is not expected. Senator Mason will conduct the fight for Clark."

ATTEMPT TO NOMINATE FAILED.

Fourteenth Ohio Republican Convention Adjourned to Meet May 17.

WELLINGTON, O., April 14.—The attempt to nominate a candidate for congress to succeed Representative W. S. Kerr was abandoned by the Republican convention of the Fourteenth district, after 1,352 ballots had been taken. The convention met on Tuesday morning, and it was in session day and night, with short intermissions, for nearly four days.

A conference committee of representatives from each county in the district was appointed, and the report of the committee that the convention adjourn to meet in Norwalk on May 17 was adopted. There was no change in the vote from the 759th to the 1,352d ballot. This deadlock is a record breaker, so far as Ohio is concerned.

SILVER FUSION IN OREGON.

The Three Parties Stand Firmly on Bryan's Nomination.

PORTLAND, Or., April 14.—The state convention of the Democrats and Populists effected a fusion of the two parties and adjourned. The Silver Republicans also joined in the fusion movement, though they held no convention.

Both the Democrats and Populists endorsed William J. Bryan for the presidential nomination, but the Populist delegates to the national convention were instructed to vote for no other Democrat for the nomination for vice president and to vote only for vice president.

Democratic Primaries in Alabama.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning April 15—Comment by Rev. S. H. Doyle.

Topic.—The bread of life.—John vi, 24-40. (Easter meeting.)

Easter speaks of life, and not only so, but of new life. This is true in both the natural and ecclesiastical worlds. Nature is at this season putting on forms of life, after a condition, typical of death. The season in the church calendar speaks of the new life of Christ. His resurrection after being three days in the tomb. How appropriate at such a time that our thoughts should rise to the possible new life of the soul in Christ—eternal life!

Bread feeds and supports the physical life. Christ gives life to the soul. Therefore, in a marvelous metaphor, Christ likens Himself to bread. In this chapter He speaks of Himself as bread in four different ways, which it will profit us to consider.

1. Christ, "the true bread," verse 32. "My Father giveth you the true bread." Christ is the true, the real, bread. There is no pretense or hollow mockery in the gift which God offers the soul as its support and life. This bread is able to accomplish that which is desired. Assimilated, it will convey both the consciousness and reality of eternal blessedness. God created the soul. He knows what will satisfy its desires and cravings, and therefore the spiritual substance that He offers is the true bread.

2. Christ, "the bread of God," verse 33. Christ, the bread, is the gift of God. "God *** gave his only begotten Son that whosoever believeth in Him should not perish, but have everlasting life." God has made abundant provision in nature for the sustenance of the body. Is it not natural therefore that He would make ample provision for the soul? It would have been most unnatural if He had not done so. Being from God, this bread is free to all. It is offered "without money and without price."

3. Christ, "the bread of life," verse 35. "I am the bread of life." Christ is Himself the bread of life. In Him the cravings of the soul are satisfied and its eternal life made secure and certain. "The veritable life, eternal bread, which Christ as the steward of divine bounty gives, is Himself, His divine humanity." This bread is appropriated by faith. "He that cometh to Me shall never hunger, and he that believeth in Me shall never thirst." He who comes in faith to Christ shall never hunger and never thirst again. Bread satisfies for a time. Christ satisfies forever. He is the bread of eternal life.

4. Christ "the bread *** from heaven," verse 50. "This is the bread which cometh down from heaven, that a man may eat thereof and not die." Christ is the bread from heaven. From heaven alone can come the gift of eternal life. Christ as the bread from heaven was foreshadowed in the manna. Moses gave not this gift to the people, but God sent the manna from heaven to satisfy the hunger of His people. From the same source the soul hunger of the world is to be satisfied. Let us accept this bread of life from heaven that we, like Him, may rise from the dead and enjoy ever after, with Him, eternal life.

THE PRAYER MEETING.

The United society's special Easter programme should be used, or a special programme arranged, with appropriate Easter music as the principal feature.

BIBLE READINGS.

Ex. xvi, 11-15; Ps. lxxviii, 23-25; cxviii, 1-3; Isa. lv, 1-3; Math. iv, 1-4; Luke xi, 1-3; xii, 13-21; John i, 4; iv, 5-15; vi, 47-58; Rom. xii, 1, 2; II Tim. i, 8-19; iv, 7, 8; Heb. x, 5-10; Rev. xxii, 17.

Christian Discipleship.

The acceptance of Christian power from the Lord and the exercise of it in the practical relations of home, of the church, of society and business, will take away the hardness of life, the wear and friction and pain. In the home it will make heaven; in the church it will increase the power of worship and usefulness a hundredfold; in business it will relieve the weariness and burden. The hard things of life will be softened; the evil things and unkind things will lose their power to hurt. In every relation of life love will bring peace.

This is the crowning privilege of a Christian disciple. It is given to him to be a power in the world for good and to live in love and peace through the grace and mercy of the Lord. This more than all else must be felt by the world at large; it must be felt by the father and the children, and all will

know the blessedness of Christian discipleship. The light will so shine that it cannot be hid.—Rev. William L. Worcester in Helper.

EPWORTH LEAGUE.

Topic For the Week Beginning April 15. "The Bread of Life." Text, John vi, 24-40.

"I am the bread of life."

Without food come famine, weakness, death. No bodily strength can be kept up without frequent eating and drinking. Life depends on food. Fasting can go on for awhile, but, if not broken, ends in starvation. Bread, meat, drink, these sustain life and give strength.

No less does the soul of man need to be fed with food adapted to the spirit's wants. Confidence in God, hope for the future, love received and given—these nourish the inner life and give it health and rugged strength to bear and do.

Wealth can no more satisfy soul hunger than stones can feed a hungry stomach. Praises, honors and official position are no more like soul nutriment than a snake is like a fish. Nor can any form of creed or philosophy or system of mere reason fill the cravings of the human heart for comfort and knowledge of destiny. However much it may resemble an egg, it proves to be, too often, only a white scorpion in coil.

Has any one ever found rest to his soul, perfect peace of heart, absolute fullness of spirit and satisfaction of every craving except as he has found it in simple faith in Jesus Christ? Has any one ever come to Him in simple trust and loving obedience without finding all he needed and could desire? Has Jesus ever failed to give complete peace of spirit to all who came?

Truly does He become bread of life to all hungry souls.

Oh, that the world might taste and see
The riches of His grace!
The arms of love that compass me
Would all mankind embrace.

Manna in the wilderness was given only for a few years. Loaves and fishes were increased only twice to feed the multitudes. But God gives regularly harvests, to be had after faithful labor, and at no time is food lacking to feed all hungry mouths if only it was properly distributed.

So will the gospel save the souls of men from famishing if they will receive it.

To refuse salvation is as unwise and insane as to starve to death in the midst of plenty.

To neglect to carry the gospel to sinful men is as heartless and blameworthy as to neglect to feed the hungry at our door.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning April 15.—Comment by Rev. S. H. Doyle.

Topic.—The bread of life.—John vi, 24-40. (Easter meeting.)

Easter speaks of life, and not only so, but of new life. This is true in both the natural and ecclesiastical worlds. Nature is at this season putting on forms of life, after a condition, typical of death. The season in the church calendar speaks of the new life of Christ. His resurrection after being three days in the tomb. How appropriate at such a time that our thoughts should rise to the possible new life of the soul in Christ—eternal life!

Bread feeds and supports the physical life. Christ gives life to the soul. Therefore, in a marvelous metaphor, Christ likens Himself to bread. In this chapter He speaks of Himself as bread in four different ways, which it will profit us to consider.

1. Christ, "the true bread," verse 32. "My Father giveth you the true bread." Christ is the true, the real, bread. There is no pretense or hollow mockery in the gift which God offers the soul as its support and life. This bread is able to accomplish that which is desired. Assimilated, it will convey both the consciousness and reality of eternal blessedness. God created the soul. He knows what will satisfy its desires and cravings, and therefore the spiritual sustenance that He offers is the true bread.

2. Christ, "the bread of God," verse 33. Christ, the bread, is the gift of God. "God *** gave his only begotten Son that whosoever believeth in Him should not perish, but have everlasting life." God has made abundant provision in nature for the sustenance of the body. Is it not natural therefore that He would make ample provision for the soul? It would have been most unnatural if He had not done so. Being from God, this bread is free to all. It is offered "without money and without price."

3. Christ, "the bread of life," verse 35. "I am the bread of life." Christ is Himself the bread of life. In Him the cravings of the soul are satisfied and its eternal life made secure and certain. "The veritable life, eternal bread, which Christ as the steward of divine bounty gives, is Himself, His divine humanity." This bread is appropriated by faith. "He that cometh to Me shall never hunger, and he that believeth in Me shall never thirst." He who comes in faith to Christ shall never hunger and never thirst again. Bread satisfies for a time. Christ satisfies forever. He is the bread of eternal life.

4. Christ "the bread *** from heaven," verse 50. "This is the bread which cometh down from heaven, that a man may eat thereof and not die." Christ is the bread from heaven. From heaven alone can come the gift of eternal life. Christ as the bread from heaven was foreshadowed in the manna. Moses gave not this gift to the people, but God sent the manna from heaven to satisfy the hunger of His people. From the same source the soul hunger of the world is to be satisfied. Let us accept this bread of life from heaven that we, like Him, may rise from the dead and enjoy ever after, with Him, eternal life.

THE PRAYER MEETING.

The United society's special Easter programme should be used, or a special programme arranged, with appropriate Easter music as the principal feature.

BIBLE READINGS.

Ex. xvi, 11-15; Ps. lxxxviii, 23-25; cxviii, 1-3; Isa. lv, 1-3; Math. iv, 1-4; Luke x, 1-3; xii, 13-21; John i, 4; iv, 5-15; vi, 47-58; Rom. xii, 1, 2; 11 Tim. i, 8-19; iv, 7, 8; Heb. x, 5-10; Rev. xxii, 17.

Christian Discipleship.

The acceptance of Christian power from the Lord and the exercise of it in the practical relations of home, of the church, of society and business, will take away the hardness of life, the wear and friction and pain. In the home it will make heaven; in the church it will increase the power of worship and usefulness a hundredfold; in business it will relieve the weariness and burden. The hard things of life will be softened; the evil things and unkind things will lose their power to hurt. In every relation of life love will bring peace.

This is the crowning privilege of a Christian disciple. It is given to him to be a power in the world for good and to live in love and peace through the grace and mercy of the Lord. This more than all else must be felt by the world at large; it must be felt by the father and the children, and all will

know the blessedness of Christian discipleship. The light will so shine that it cannot be hid.—Rev. William L. Worcester in Helper.

EPWORTH LEAGUE.

Topic For the Week Beginning April 15. "The Bread of Life."

Text, John vi, 24-40.

"I am the bread of life."

Without food come famine, weakness, death. No bodily strength can be kept up without frequent eating and drinking. Life depends on food. Fasting can go on for awhile; but, if not broken, ends in starvation. Bread, meat, drink, these sustain life and give strength.

No less does the soul of man need to be fed with food adapted to the spirit's wants. Confidence in God, hope for the future, love received and given—these nourish the inner life and give it health and rugged strength to bear and do.

Wealth can no more satisfy soul hunger than stones can feed a hungry stomach. Praises, honors and official position are no more like soul nutriment than a snake is like a fish. Nor can any form of creed or philosophy or system of mere reason fill the cravings of the human heart for comfort and knowledge of destiny. However much it may resemble an egg, it proves to be, too often, only a white scorpion in coil.

Has any one ever found rest to his soul, perfect peace of heart, absolute fullness of spirit and satisfaction of every craving except as he has found it in simple faith in Jesus Christ? Has any one ever come to Him in simple trust and loving obedience without finding all he needed and could desire? Has Jesus ever failed to give complete peace of spirit to all who came?

Truly does He become bread of life to all hungry souls.

Oh, that the world might taste and see
The riches of His grace!
The arms of love that compass me
Would all mankind embrace.

Manna in the wilderness was given only for a few years. Loaves and fishes were increased only twice to feed the multitudes. But God gives regularly harvests, to be had after faithful labor, and at no time is food lacking to feed all hungry mouths if only it was properly distributed.

So will the gospel save the souls of men from famine if they will receive it.

To refuse salvation is as unwise and insane as to starve to death in the midst of plenty.

To neglect to carry the gospel to sinful men is as heartless and blameworthy as to neglect to feed the hungry at our door.
